**ADDS
VALUE
TO HONEY**

Export to
43 Countries

In 1972 The business was started by Kadir Küçükbenli with the philosophy of "Success is believing in what you produce". In 1980 The company entered the bekeeping sector by producing bee feeders. In 1987 Benka produced its first smokers and started to deliver them all around Türkiye. In 1995 The initial export to Algeria was the very first step of becoming a worldwide beekeeping brand. From that day on Benka has attended to a variety of Beekeeping Fairs all around the world. In 2000 The company has expanded its products range starting to produce honey extractors and other honey processing equipments as well. In 2013 Benka attended its first intertational fair in Kiev, Ukraine organized by Apimondia World Beekeeping Organization. To make Türkiye the most important Beekeeping Production center which is now in the 2nd place worldwide.
